

Property Assessed Clean Energy (PACE) Workshop

Summary: PACE financing is a unique program that can benefit businesses in your community. At this work shop, you will learn about low interest-rate financing that can fund up to 100% of energy-efficiency projects for commercial properties. Plus, you will find out how businesses can pay for property improvements with the savings generated from energy efficiency upgrades.

Agency: NOPEC and Bricker and Eckler Attorneys at Law

Eligibility: Any commercial property owner is eligible if the property is part of the NOPEC program. This includes for-profit and non-profit, multi-family (more than four units), retail, commercial, industrial, and government properties.

Funding: Project loans are available from \$100,000 - \$500,000.

Loan Terms: NOPEC will finance projects for up to 20 years through the PACE loan program. The term will depend, in part, on the amount being financed, the useful-life of the asset(s) financed and the projected savings from the improvements. The rate is fixed at closing and all eligible costs can be financed. Interest rates are available as low as 2.5%

Deadline: RSVP by September 10, 2018.

MAIN\$PRING SPOTLIGHT

Workshop Details

When:

September 26, 2018
8:30 am – 1:00 pm

Where:

Hilton Garden Inn
8971 Wilcox Drive
Twinsburg, OH 44087
